Reading

BODY TALK

Read the extract from the leaflet to check for the answers to Task 2 on page 41 and then match the sketches to the body movement in the text. Compare your answers with your partner.

If you sometimes feel you do not explain yourself well, come to the local Town Hall next Saturday. You will learn how to become a better communicator. You will also learn to understand the way people use their body when they talk to you.

Communication goes on all the time, even when the people are not talking. It sounds amazing but did you know that nearly 55% of the way we communicate with others is through the way we use our body to show how we feel? This seems unbelievable but it is true. What do we do when the sun is in our eyes? We squint, and this shows that the situation is not very pleasant for us. When someone feels excited, their facial expressions are signs to show us. People can appear happy but they are in fact sad. When they are curious, they will stare at the person or object for some time. An angry look is when someone glares at you with that cold look. When we admire someone we gaze at him or her, and when you want to look at something quickly, you take a peep. People communicate with their body language. Most of us are not aware of it but we spend a lot of time trying to understand body language. In this course, you will learn to start thinking more about the meaning of a happy smile or an angry frown. We will show you what someone means when they **shrug their shoulders** to show that they don't care, or **nod their head** to agree, or **point their finger**. You will understand why people **raise their eyebrows**, **bite their lip** in anger or pain, **twist their face** when they are unhappy about something, or **squeeze their nose** at a bad smell, or **have their arms folded** when they listen to a teacher. We will teach you how to read the messages people give when they **clench their teeth**, when getting an injection, or when they clear their throat to get ready to talk to a group. These kinds of behaviour show how people feel. It seems unbelievable that only 7% of our communication is with words. The way we use these words through our tone and voice makes up another 38% of our communication tools. To show this in action in our course, you will practise watching people and learn to imagine their problems and their thoughts. To be a good communicator, you need to be a good reader of body language; to be able to get the message someone wants to send. All you need to do is watch! To be good at understanding the meaning of body language, you should watch the speaker carefully. You should show respect for the other person's point of view. You should use your own body to communicate your feelings and emotions too. The course begins at 11 am November 25th at the Town hall. Admission free to all students under 16.

Task 1

Read the text again. Are these statements TRUE or FALSE? Circle your answer and then compare your answers with your partner.

- | | |
|--|-------|
| 1. We gaze at someone when we are angry. | T / F |
| 2. We frown when we are happy. | T / F |

Lesson 2

Dreams as Communication to Ourselves

Look at the photograph and the text below. Do you know anything about this man? Can you guess what a psycho-analyst does? Discuss as a class how a dream can be a message to ourselves.

Sigmund Freud (1856-1939) was a famous psycho-analyst who looked at the meaning of people's dreams. According to Freud, the analysis of dreams is an important tool in helping people to understand their lives. Freud also explained the dreams of people, who did not suffer from mental illness, in a psychoanalytic way. Today, many people use Freud's ideas to explain dreams to make people aware of how they feel and how to solve their anxieties.

Pre-writing

Years ago when people had dreams they looked at a Dream book to find out what the meaning was. Today, where can you find information about the meaning of dreams?

Task 1

Do you ever dream? Tell your partner about a dream you had recently.

What do you think your partner's dream means?

Task 2

Dreams are a form of communication with ourselves. What do your dreams mean? For example, last night you dreamed of a big fish.

What does that tell you?

Task 3

In pairs, match the sketches to the meaning of the dreams.

- i) To dream of long arms means your friends will help you become rich.
- ii) To dream that you are carrying a bag means that you will never be poor.
- iii) To dream that you are not wearing shoes means that you will do well in your career.
- iv) To dream of bees means that you will have a successful family life.
- v) For a girl to dream of her brother, she will meet a new boy soon.
- vi) To dream of olive trees means the person will have many children.

Task 4

Read the letters A, B, and C. Then, in pairs match the responses from Margie about what the dreams mean.

A. Letter A

Dear Margie, last night I had a dream that I went to school without brushing my teeth. I felt terrible because my breath wasn't fresh. What does this dream mean?

A. Letter B

Dear Margie, I usually have a dream where I am looking at myself in a mirror. My mum says that I have the dream because I think I am pretty. Help me please!

A. Letter C

Dear Margie, I often have this terrible nightmare where I never have enough time to do my homework and I am afraid to go to school the next day. In my dream I decide to stay up late and finish the homework. It is true that I never manage to get all my homework done each night. Help!

Response 1

Dear Andrea, don't pay too much attention to the meaning of this dream. For sure you **don't have to** stay up late every night to do your homework. What I think you **have to** do, is to go to bed earlier and get up earlier, then you will have time for everything you want to do.

Response 2

Dear reader, first of all, you **shouldn't** worry too much about this dream. Lots of people have this dream all the time. You **should** think of this dream as a message to yourself to tell you to stop worrying about little things that are not really important.

Response 3

For a girl to dream of a mirror, it means she is shy and she is afraid her friends **will** see this side of her character. She is the kind of girl who **won't** talk about her secrets.

Task 5 - Writing

Write a short description of a dream you had recently. Exchange dreams with your partner and write what you think the dream means. Give your partner some advice (should, shouldn't, have to, don't have) about what to do about the things he or she dreamt about.

Lesson 3

Clothes and Communication

Clothes can be another form of communication

makeup	plait	tracksuit
belt	necklace	bracelet
watch	chain	hairband
sandals	jeans	jacket

Task

Look at the short text below. In pairs decide which photograph the text refers to. What do the things the people wear say about them?

In one of the pictures there is a Japanese girl. Which one? Why? What has the girl got in common with the African girl?

Traditional dress and ornaments are very important for members of the Turkana tribe in Kenya. The things she wears show a lot about her status. The traditional hairstyle for a woman is a braided Mohawk.

Reading text adapted from the site:

http://changingminds.org/explanations/behaviors/body_language/mehrabian.htm

What similarities do you see in the things people wear in different parts of the world and what some people wear in Greece?

Look around the class to see what kinds of things people wear that tell you about them.
