

Unit 1

I'm only human

Reading

Lead-in

Quickly read the text below about Karen hill tribes and find out the following (all of the answers are colours or numbers):

- What colour are the dresses which unmarried girls wear?
- How old are elephants when they start their training?
- What colour are the dresses which married women wear?
- What colour are the trousers which the men wear?
- How many years do elephants usually work?

Compare your answers with your partner.

Task 1

Now read the text again more carefully and answer the questions which follow.

The Karen hill tribes live in the mountains of Thailand. They live in bamboo houses and their farm animals, pigs, chickens and buffaloes, live under the houses. The Karen are very skilled at farming in difficult areas.

The Karen are also good at training elephants. Elephant training begins when the animal is about four years old. The elephants learn how to pick things up, pull and push heavy things like trees which have been cut down. At about ten years old, the elephants start work and their working lives can last for about fifty years. They are unbelievably strong - a working elephant can lift 700kg!

The Karen people have beautiful traditional costumes. Girls who are not married wear white dresses and married women wear blouses and skirts in bright red or blue. Karen men wear blue trousers and red or blue shirts.

The Padaung is a group which belongs to the Karen hill tribes. Many Padaung women wear metal rings round their necks which make their necks look much longer than usual. Their mythology explains that this is done to stop tigers from biting them! However, the usual explanation is that a very long neck is beautiful.

Today, many tourists visit the mountains in Thailand to see the Karen hill tribes and the beautiful women in their traditional costumes.

It's your choice!

Tick TRUE or FALSE to the following statements. Check your answers with your partner.

	TRUE	FALSE
a. In Karen villages, the farm animals live near the houses.		
b. Padaung men and women wear rings around their necks.		
c. Tigers often bite people in the forests.		
d. Elephants start to work when they are about ten years old.		
e. Elephants can lift very heavy things.		
f. Tourists rarely visit Karen hill tribe villages.		

Task 2

Complete the dialogue by underlining the correct word in italics.

- A:** Hi Tina, how was your holiday in Thailand?
B: Oh, hi Christos, it was great! We went everywhere, even to the *animals/mountains*. We saw some Karen hill tribe people - they're *fascinating/fascinated*. They *play/train* elephants, you know
A: I didn't know that. What do the elephants do?
B: Well, elephants are really *strong/work* and they can *lift/eat* heavy things, so they help the Karen people when they are *cooking/farming* in the forests.
A: Really? Weren't you *frightened/frightening*?
B: Oh, no. Elephants are very gentle and friendly. We also saw some Padaung women wearing big *rings/shirts* round their necks which make their necks look really *long/heavy*.
A: Oh, you're so lucky! I wish I could go there.
B: Never mind! Let's look on the Internet, there's lots of information about *elephants/tribes* all over the world.
A: Great idea!

Check your answers and act out the dialogue with your partner.

Task 3

Work with a partner to find out about another fascinating tribe of people and then tell the class about what you've found out.

Reading

Lead-in

Quickly read the text and find out the following:

- How tall are these people?
- Which part of the world do they live in?
- How do the children spend their time?
- What does 'Ba' mean?
- What is 'Jengi'?

Compare your answer with your partner.

The Children of the Forest

In his new book 'Peoples of the World', Brian Greene looks at the life of different tribes in Africa. For the final part of the book, he travels to Cameroon to learn about the Pygmies.

Who are they?

Some people call the Pygmies 'The Children of the Forest' because they are very short. Usually they grow to between 120 and 130 centimetres tall. They are very kind and gentle and you see this in their music, dances and songs. Their songs describe life and their survival. They live in the forests of central and western Africa. There are many different Pygmy groups such as the *Bambuti*, *Batara*, *Bayaka* and *Bagyeli*. The beginning of each name 'Ba' means *people*. Although they all speak different languages, one word which is the same in the different tribes is the name of the forest spirit - *Jengi*.

It's your choice!

It's your choice!

Task 1

Now, read the second part of the text to get information about the way the Pygmies live and the problems they face. Then, do the task below the text. Do not worry about words that you do not know at this moment.

How do they live?

The Pygmies are nomads and move from place to place on foot. They take the important things with them and build a new village in another part of the forest. As nomads, they move to another part of the forest when the area where they are living becomes dirty. It becomes dirty because they do not clean anything and instead they move away from the rubbish. They live in huts, which they make from branches and leaves of trees. All Pygmies live in groups of families. They do not live in villages but their homes are near farming villages. This allows them to sell or exchange the forest plants and wood for crops which they eat, and other goods they use to live on. The male hunts animals such as pigs, and monkeys. He uses a spear and bow and arrows to hunt. The female looks after the children and she gathers honey, wild berries and other plants. The family eats the food at once because it does not have a way to keep it fresh. The children help their parents and do not go to school because the family does not stay in one place very long.

What problems do they face?

The Pygmies face three problems. First, big companies are cutting down the trees and the Pygmies do not have anywhere to live. The second problem is that the government in each country is taking the forests to make national parks for tourists. Also, many foreign people are coming into the areas where the Pygmies live and they are building houses on the Pygmy land.

Use all the text, and tick TRUE or FALSE to the following statements. Check your answers with your partner.

- a. All Pygmy groups speak the same language. ☐
- b. The Pygmies do not clean the area where they live. ☐
- c. The group of Pygmies move from one place in the forest to another. ☐
- d. The men in the group grow crops. ☐
- e. People from other countries are building homes in the forest where the Pygmies live. ☐

Task 2

Read the whole text again and complete the chart below with examples for each.

Task 3

Work with a partner. Talk about the following:

- What you do at school
- What you do at home
- What you would like to do in the future

Task 4 - Pairwork

Student A reads the text about children's lives in ancient Athens. Student B turns to p.126.

In ancient Athens, not many girls went to school, most of them stayed at home. In rich families, teachers came to the house to teach them how to sing and play musical instruments. Athenian girls also learnt how to make the family's clothes. At the age of fifteen, a marriage was usually arranged for them.

Most boys of rich families in Athens went to school where they learnt to read and write and do mathematics. Some boys also had the chance to discuss philosophy and learn public speaking. Sometimes, the boys also learnt to dance and play a musical instrument. Games and athletics were also important in all schools.

Some boys who did not go to school stayed around the public baths and gymnasia and learnt from the men who spent long hours talking there. Rich young Athenian boys had slaves to take them to school and look after them.

Your partner has information about life for children in ancient Sparta. Write the words in the correct order to make questions and ask your partner to find out about these things.

- go/ did/ school/ Spartan/ to/ girls?
- Spartan/ do/ girls/ athletics/ did?
- women/ a/ free/ have/ lot/ time/ did/ of?
- Life/ was/ Spartan/ easy/ boys/ for?
- Boys/ what/ learn/ at/ school/ did?
- Play/ games/ boys/ did/ many?

Task 5

With your partner, fill in the grid to show what boys and girls did in Sparta and Athens.

	Athenian boys	Athenian girls	Spartan boys	Spartan girls
Go to school				
Play an instrument				
Play sports				
Learn to read				

It's your choice!

Student B read the text about children's lives in ancient Sparta.

Spartan girls did not go to school; they learnt skills such as singing, dancing and reading poetry at home. Some of them also learnt how to play a musical instrument. The Spartans believed that everyone should be fit and healthy and so girls also did some physical training and played many games. Nurses looked after the children and slaves did the work in their houses. So, Spartan women probably had quite a lot of free time.

Life was very difficult for Spartan boys. At the age of seven boys had to leave their family to live in a kind of school. They had to collect plants from rivers to make their beds, their clothes were not warm enough and they did not wear shoes. Their food was horrible and, because they didn't have enough to eat, they had to steal food from farms. If someone found them when they were stealing, they were punished.

At school, they had lessons in reading and counting, they did military exercises and they played many hard team games and they were punished if they did not do what they were told. Their education made them become very strong and tough soldiers.

Your partner has information about children's lives in ancient Athens. Write the words in the correct order to make questions and ask your partner to find out about these things.

- a. what/ girls/ do/ home/ did/ at?
- b. They/ did/ learn/ to/ how/ play/ instrument/ a/ musical?
- c. Do/ what/ girls/ did/ years/ old/ at/ fifteen?
- d. Most/ go/ boys/ did/ school/ to?
- e. where/ boys/ spend/ did/ of/ a/ lot/ time?
- f. rich/ boys/ have/ slaves/ did?

Task 6

Work with your partner to make a week's timetable for a) a Spartan school or b) an Athenian school.

Task 5

This exhibition presents the influence of Hellenism in central Asia, India and the Gaddara region in particular, from the first to the fifteenth centuries BC. The ancient Indian province of Gaddara is currently divided between Pakistan -for its greater part- and Afganistan. This region was conquered by Alexander the Great in the fourth century BC and subsequently saw the emergence of a Greco-Buddhist art - mostly sculpture - strongly influenced by Hellenistic artistic trends. The art of Gaddara spread with Buddhism to central Asia, China and Japan, where local artistic production showed Hellenistic elements for many centuries.

The exhibition includes photographs, texts and sculptures from the Manos and Chatzivasileiou collections, and occupies three rooms in the museum's ground floor. The exhibits are grouped in subject units and presented in chronological order, and supplemented by profuse instructive material, which introduces the visitor to this little known aspect of Greco-Buddhist art.

Unit 6

What a waste!

Lead-in

In pairs, ask and answer these questions.

What will you do if:

- a) it rains all day tomorrow?
- b) your teacher says the class will have a test tomorrow?
- c) you see someone throwing a lot of litter in the street?

Task 1

Look at the vocabulary in the box on p.62. Choose four of the items and write them in a list in your notebook. Write what you can make from each one.

For example:

- | | |
|----------------|---|
| 1) Old tyres - | you can paint them in bright colours and plant flowers in them. |
| 2) _____ | _____ |
| 3) _____ | _____ |
| 4) _____ | _____ |
| 5) _____ | _____ |

Task 2

Go around the class and ask your classmates for their ideas on what you can use each of the things for. For example, you can ask:

- 1) What can you make from old tyres?

Create a piece of eco-art.

Task 3

Read what the children from around the world say about environmental problems in their area.

- 1) An Eskimo child from Greenland - "The ice is melting because of global warming so it's more difficult for us to hunt for food."
- 2) A Chinese child - "I live in Beijing and there are so many factories near the city that we can't even see clearly because of the air pollution."
- 3) A British child - "In Britain, too many people use plastic bags to carry their shopping"
- 4) A Mexican child - "In Mexico City, there are too many cars so the air is always polluted".
- 5) An Indian child - "I live in Mumbai and they are building so many new buildings that there aren't any parks where we can play."

Work with a partner to think up solutions to the problems which the children talk about. Write the solutions using first conditional. You can get ideas on pages 63 and 64.

For example:

- 1) If we all look after the environment, the ice will stop melting.

Task 4

Work in a group in the class to make a poster showing the problems and solutions from Task 3. Put your poster up on the wall in your classroom.

Unit 7

Magnetism and the world we live in

Reading

A. Read the three texts below and find an example in each of the effects of magnetism. Compare your answer with your partner.

Text A

Our planet has a magnetic field. On the earth's surface, it is weaker than the typical magnet you find on your fridge door. We see the affect of magnets in our everyday lives. It is common to see a television or computer screen shaking when a mobile phone rings next to it.

Text B

Scientists used to believe that animals used their instinct to migrate but now they know that they also use magnetic fields. Scientists believe that animals like turtles or birds have a magnetic sense. Cells in an animal's brain contain magnetite that acts like a compass needle. This helps birds to find their way when they fly north or south.

Text C

In December 1947 five military planes took off from Ft Lauderdale, Florida at just after 2 pm. An hour later the pilot sent a radio message. He said that the compasses were broken and they didn't know where they were. The mystery is why ships and planes disappear in the area of the Atlantic Ocean near Bermuda. Scientists believe that iron ore under the surface of the earth can cause a false compass reading.

B. Read the 3 texts again carefully and discuss with your partner which text mentions: a) the negative effects of magnetic fields, b) something electrical in a kitchen c) animals and magnetism.

C. In pairs, decide which of the texts mentions something mysterious.

Task 1

In pairs, discuss if you think there are magnets in:

- a mobile phone
- a car door
- a fridge door
- a music cassette
- a printer
- a speaker

Check your answers by looking on the internet (you can find more information from a relevant internet site given on p.190).

Writing - Class Newspaper

Τουρίστες καταστρέφουν την παραλία

Χελώνες νεκρές
στα δίχτυα των ψαράδων

Cafeterias open on beach

Plastic bags harm turtles

A. Look at the titles of the Greek and English newspapers. What problem does each one refer to?

B. As a group, write a newspaper article on how we can help the turtles survive.

You can help protect sea turtles by telling people not to drive cars or motorbikes on the beach. Tell people to be careful where they walk during the nesting seasons! You can also help by picking up rubbish along the beach. Do not throw junk on the beach and always put your litter in trash cans.

C. Create a class newspaper with different themes.

As a class you are going to prepare a class newspaper.

Decide who will be responsible for the different parts of preparing the newspaper.

- Choose an editorial team of three. The editorial team is responsible for deciding what stories will be in the paper; where each story goes in the paper; what the headlines for each story will be.
- Choose an artwork team. The artwork team will be responsible for finding the photographs and the pictures for each story.

- Choose 2 sportswriters.
- Choose students to find out about fashion likes and dislikes.
- Choose students to find out about environmental issues.
- Choose students to write about some major events in the local area or city.
- Choose students to create and write advertisements.

Now act out the dialogue with a partner.

Task 3

Read the two texts about two teenagers who live in different areas. Circle all the words which refer to transport.

Text 1

My name's Michelle and I've lived in a big city all my life. Getting around is very easy because the public transport is good, so I don't have to get lifts in my parents' car. We live near the local underground train station so you can travel into the city centre quickly and easily. There are also high speed trains which go all over the country. My favourite transport in the city is the tram which takes you around the centre. That's how I travel when I go shopping.

Text 2

I'm Robin and I live in a small village in the heart of the countryside. The public transport is so bad that most people go everywhere by car and my mum has to give me a lift if I want to go outside the village. There's a local bus service but the bus only passes once a day so it's useless. I have to walk to school and when I visit my friends or go shopping in the village I have to cycle.

Task 4

Complete the table with the words you circled in Task 3. Ask your classmates which means of transport they use and tick the boxes.

Transport	Number of students
Underground train	

Optional: *Now make a pie chart showing the information in Task 4.*

Keeping up appearances

Task 1

Look at p.99 and find the words to label the photograph.

Task 2

Complete the following with the correct idiom from p.102.

- 1) My mum isn't happy with my marks at school. She says I'll have to
- 2) My friend is very sensitive and she always shows her feelings. She
- 3) "I'm having a History test tomorrow and I haven't studied anything"
"I wouldn't like to"
- 4) One of the things I like most about Madonna is that she always looks great. She's always
- 5) My friend told me that Kylie Minogue is going to give a concert in Athens but she isn't. My friend's

Task 3

Go around the class to find out what your classmates are wearing. Tick the boxes to complete the table. You can add some other clothes to the list in the table.

Clothes	Number of students
Jeans	
T-shirt	
Skirt	
Athletic shoes	
Sweatshirt	

Task 4

Make a pie chart to show how many students are wearing each item of clothing.

Writing - 'Teen worries'

Task 1

In pairs, look at the cartoon and write down three things that the teenagers worry about concerning their appearance.

Picture 1:

A: I am much too fat.

B: I think you look fine.

Picture 2:

A: I need to get some new trainers.

B: Why? What's wrong with the ones you've got?

Picture 3:

A: I don't like boys with nose rings.

B: But they look so cute.

Picture 4:

A: Mary feels shy because of her metal braces.

B: She's silly. They'll straighten her teeth.

It's your choice!

It's your choice!

Task 2

A. Read the short texts i-iv from a teen magazine where young people write about their worries and then read the advice from the magazine columnist. In pairs, rate these worries according to how important you think they are.

i) Dear Liza,

There's a girl at my school who always copies what I wear. I don't know what to do. I am afraid that if I told her that I didn't like it, she would be upset. Help!
Ashley

ii) Dear Liza,

I wish I knew how to match my clothes. I can never get it right with the clothes to wear at parties. I need some help. Thanks!
Hannah

iii) Dear Liza,

My mum makes me feel awful about my jeans and short T-shirt. I wish she didn't complain all the time. All the other kids in my class are wearing their clothes like this.
Suzanna

iv) Dear Liza,

I wish I looked different. I want to get four rings in my ears but I am a bit scared. What do I do?
Gus.

- | | |
|--------------------------|---|
| 1. very serious: | — |
| 2. quite serious: | — |
| 3. not very serious: | — |
| 4. a little bit serious: | — |
| 5. not serious at all: | — |

B. Work in pairs or small groups. Look at the example answer from the magazine and discuss if you agree or disagree with the advice.

Dear ...,

If I were you I would choose my clothes according to the weather. It doesn't matter if things match. The fashion now is to wear what is comfortable so don't worry!
Hope that helps.
Liza.

Then, chose one of the problems and think of ideas to help the writer. For example, if someone doesn't know how to match clothes, you might say:

- If I were you, I would choose clothes that have the same colours
- Think about the reason you need to go somewhere

Alternative Project

The National Radio Station has organised a competition which invites young people to write a song to see if they have the talent to be good songwriters.

Task 1

Look at the poster. What is it advertising? How important are each of the following for writing a song?

- knowledge of music
- a musical ear
- finding a rhythm
- finding rhyming words
- a strong subject.

Discuss your ideas as a group.

Mini-Quiz

- Byzantine notes were: *ni, pa, vu, ga, di, ke, zo*. What is the music scale in the Western world?
- What was most unusual about the composer Beethoven?

Task 2

In groups of three, decide on a topic area and make four short simple statements about the topic.

Then, decide on a rhythm or use the rhythm of any song you know.

Sing your song.

It's your choice!

Unit 10

A material world

Reading

Lead-in

In pairs, look at the items in the pictures. Say what each item in the pictures is and then tick the items that are made from oil. Check your answers with your teacher.

Task 1

Read the text on plastic and match the objects to a country on the world map. Write the name of the object in the space for each of the six countries.

A Plastic World

Oil was first discovered in Pennsylvania in 1839. It is used to drive many kinds of machines like cars, buses, planes, and ships which are built in the USA. Oil is also used to heat our houses. Plastic is used in Indonesia to make things like supermarket bags, computers and mobile phones.

Plastic is used because it is cheap and can last a long time. Today, many toys and games are produced in China and then they are sent to different parts of the world. Expensive items like mobile telephones are made by big companies in Finland. Look around your house. How many electrical items are made in Japan? Look at your athletic shoes. Maybe they were made in India or Korea. But where does plastic come from? The answer is that plastic comes from oil.
